Weekly Coal Production

Production for Week Ended:
November 1, 1986

Preface

The WCP

The *Weekly Coal Production* (WCP) provides weekly production estimates of U.S. coal by state, as well as supplementary data which are published twice a month. Supplement 1 includes monthly statistics on U.S. coal production and aggregated annual historical data on coal supply and demand, consumption, stocks, imports, and exports. Supplement 2 contains monthly data covering electric utility coal consumption, stocks, and receipts; and coal imports and exports.

This publication is prepared by the Coal Division; Office of Coal, Nuclear, Electric and Alternate Fuels; Energy Information Administration (EIA) to fulfill its data collection and dissemination responsibilities as specified in the Federal Energy Administration Act of 1974 (P.L. 93-275) as amended. *Weekly Coal Production* is intended for use by industry, press, State and local governments, and consumers. Other publications that may be of interest are the quarterly *Coal Distribution Report*, the *Quarterly Coal Report*, *Coal Production 1984*, and *Coal Data: A Reference*.

This publication was prepared by Judith Wood under the direction of John E. Daniels, Chief, Data Systems Branch. Questions on energy statistics should be directed to the National Energy Information Center (NEIC) at (202/252-8800).

Highlights

U.S. coal production in the week ended November 1, 1986, as estimated by the Energy Information Administration, totaled 17.23 million short tons (bituminous coal and lignite, 17.14 million short tons; Pennsylvania anthracite, .08 million short tons). This was 1.6 percent lower than in the previous week and was 3.2 percent lower than production in the corresponding week of 1985.

Cumulative U.S. coal production from January 1 through November 1, 1986, was estimated at 745.19 million short tons, 0.5 percent below the 749.08 million short tons produced in the comparable period in 1985.

The methodology used to make weekly estimates of coal production was published in the Weekly Coal Production (DOE/EIA-0218(86/85)), released for publication on September 8, 1986.

IMPORTANT NOTICE

As required by Government regulation, the Energy Information Administration (EIA) is conducting a periodic review of its publications mailing list. If you are on the EIA mailing list, you should have received an important postcard. You must return it to us by November 14, 1986, to remain on the EIA mailing list. If you have not received the postcard, please contact the National Energy Information Center at 202-252-8800.

Note: *This notice does not apply to subscriptions which have been purchased from the Government Printing Office (GPO).*

This publication is available from the Superintendent of Documents, U.S. Government Printing Office (GPO). Ordering information and purchase of this and other Energy Information Administration (EIA) publications may be obtained from the GPO or the EIA's National Energy Information Center (NEIC). Questions on energy statistics should be directed to the NEIC. Addresses and telephone numbers appear below.
